This program: will launch you on a straight accelerated path to success. To do that, we will first do a SWOT analysis on you. SWOT stands for Strengths, Weaknesses, Opportunities and Threats. We will identify your own unique and specific **STRENGTHS**; we will assess your **WEAKNESSES**, then tie both of these together and identify with you the fantastic **OPPORTUNITIES** available to you because of your unique strengths.

SWOT allows us to assess all impacts both positive and negative. Then put strategies in place to eliminate negatives and maximize the positives.

You are probably by now wondering about **THREATS**. Well, we all face them every single day and we can choose to fight or hide. 80% of what holds us back is inside us and only 20% is outside. 80% is made up of our fears, fear of failure, insecurity, self-doubt, self-concept, acceptance, approval, success, and this is supported by “**BLAME.**” We want to blame everything and everybody for our situation. To stop blaming, we have to have 100% acceptance of ourselves and we must accept total responsibility for ourselves.

This is why our unique easy to implement step-by-step process will get you what and where you want faster than you ever imagined. Through others and yourself there has been countless hours and money invested in you to be where you are today. Now you must accept responsibility and again invest time and money into yourself.

This time your results will be different! This time you will come away a winner! This time you will leave armed and ready for the fight! Before you were treated as a group, this time you will be treated as an individual. We are looking at you, working on you and working with you.

The process: How does it work? It works by working with and developing your unique talent.

Day 1AM: We have you complete your SWOT analysis.

Day 1 PM and day 2: We go through your SWOT analysis.

Day 3: We show you how to use your SWOT analysis to focus on and achieve your goals and ambitions.

Day 4&5: We take you through a series of modules, based on your analysis, which will accelerate you on your success plan.

Day 6: You are up and ready to take on life and **win!!**

To accept total responsibility for yourself you must start each day by saying, “**if it’s to be, it’s up to me.**” Go ahead, make that call now and sign up!
